

CitizenGo launches petition for providing reversal abortion treatment

11 October 2021

In the United Kingdom, abortion reversal treatment (Progesterone) is offered by dr. Dermot Kearny to women who request it . Abortion providers have complained dr. Kearny and, so far, this complaint is endorsed by the General Medical Council.

CitizenGo have launched a petition in support of the position of dr. Kearny and his association and requesting justice for women seeking to save their babies.

FEAMC supports dr. Dermot Kearny and recommends to sign the petition.
