

First meeting of Albanian health care workers

27 November 2021

Dear colleagues,

I have just returned from Albania, where I attended the first meeting of Catholic (but also Greek Orthodox) Albanian doctors and health workers at the seminary in Shkoder. So many young people! What a great joy and what a gift from God! Thus began the journey of this newborn sister association of FEAMC and FIAMC. The credit goes to a young Albanian bishop Msgr. Simon Kulli, bishop of the diocese of Vau Dejes-Sape where Mother Teresa of Calcutta was born. How many stories of suffering and persecution have I listened to with a pained heart: but now it is spring for the Albanian church! I am very happy and I share this great joy with you!

Vincenzo Defilippis

FEAMC president
