

Prayer for Natural Womanhood

13 September 2022

Father,

Creator of humanity,

may natural womanhood always proceed with your inspiration and continue in its mission to transform reproductive health and relationships by empowering women and couples to embrace fertility awareness, natural family planning and comprehensive women's health.

Let our work always find its origin in You, the source of masculinity and femininity, and through you reach completion.

St. John Paul II, pray for us

St. Teresa of Calcutta, pray for us

Our lady of Guadalupe, pray for us
